Session Location

Culver City

General Details

Her booker Skyler has a pretty painless verification process and she's easy to communicate with. Managed to arrange a visit on short notice, got the details and made my way to a nice building in CC. I was not disappointed when the door opened.

The Juicy Details

The look: Penny's photos don't do her justice. As many have said, she's the perfect petite spinner. On the low end of 5 foot something and she might be 100 lbs when sopping wet. She's got a pretty face with big brown eyes and nice diminutive features, albeit some succulent pillowy lips that are a delight to DFK. Her body is tight and trim... skinny waist, thin legs, nice round butt... exactly my type... She reminds me of Gina Valentina.

After leaving the envelope and taking a quick shower we settle down on the bed to get to know one another. She was wearing some cute short short undies and a crop top that left just enough to the imagination about her petite sexy body. I raised her shirt just enough to get a taste of her perky nipples. Then we DFK for a while before she removes the towel from my waist and makes her way down for a pro BBBJ. This girl knows how to work a rod. I was rock hard watching her beautiful face bob up and down on my cock. She alternated well between sucking, DT, and stroking a nice HJ. Her DT in particular felt amazing, she really gets it back up in there... After a while, I decided to return the favor and had her lay on her back while I DATY. She's got the nicest tiny little V, nicely shaved. Feeling how small it was with my fingers was making me excited to get inside her. Took her to an O as I could feel her clamp down hard on my fingers as I sucked hard on her clit.

We switched positions again and she went BBBJ on me again then I grabbed a cover and she mounted me CG. So hot to see this tiny little brunette slide her tight pussy down on to my cock. She picked up the pace quickly and it felt amazing. There are lots of mirrors in the room and it's awesome to have all kinds different angles of her toned and taut bod bouncing and banging on top of, under, in front of me... From CG, I lifted her up with one arm (she's so light) and swung her to the side and under my body. We banged away for a while then I turned her on her side, and then eventually into prone bone. We were working up a sweat and I leaned in close to her ear and whispered, "do you want me to fuck you in the ass." She giggled and said, "yeah!"

I grabbed a bottle of lube and greased up her tiny little asshole and my cock and we were off to Greece. She was nice and tight and it felt great. We flipped over again to her on top for ACG, then went back to regular missionary for a while. Eventually I pulled out and she gave me a BBBJ and HJ until I finished.

She's a hot little package, very laid back, chill and pretty much up for anything. I recommend.
