General Details

Have already had a previous session set up with Skyler so this time was so much easier; Can't say enough good things about Skyler, she is definitely easy to work with and aims to ensure you have a great experience. She was able to set me up on a fairly short notice so that was greatly appreciated. Arrived at the familiar location in CC, and was buzzed in. The door opened and I was definitely pleased with what I saw in front of me. I freshened up in the shower, and talked it up a bit with Penny who asked me what I liked, and we slowly began to get comfortable. She is worth seeing and a pleaser for sure!

The Juicy Details

We began with some LFK that led to a bit of groping, she did not take long to reach for my buddy and began stroking ever so gently. A little more kissing, a little more small talk, and she was giving me a nice little upper body massage. She slowly made her way down and began one of the best blow jobs that I have gotten, she does a great combo of sucking the head, and deep throat. I had to ask her to slow down a bit because she was getting close to the edge so she did, and then continued. From there she put the cover on and began riding me, she can definitely go from 0 to 100 instantly and had me feeling really good! I thought about other positions but I liked her on top of me that much that we stayed in that position until I came. From there we began to talk about a variety of things such as tattoos, dogs, and other random things which was definitely refreshing since it really feels like your just shooting the shit with an old friend that you just happen to be having sex with. She brought me some water, and soon after that I initiated round 2 and off we went! She started with another great blow job that I want to say was way better than the 1st! From there we went to Greece, and I can't believe I have gone so long with doing anal! Not only did it feel great, but she truly gets off by doing this and it shows! WOW! We ended up finishing in guess what position? CG! This time she rode me like Seabiscuit! A little after that round two came to a close with a great release, and it happened right on time as I was close to the agreed time. I definitely want to see her again and explore more of her wild side since it is clear she has one! 100% Recommend.
