## General Details

I've seen Penny a couple times now, and she doesn't disappoint. Very attractive girl who is fun to talk with and can read signals really well. I booked her through Skyler who is consummately professional and responsive, which as you all may know is rare in this business. I feel like I can always count on Skyler (and her friends) to be discrete and easy to deal with. The location is clean, upscale and easy to get to (for me at least). I've been able to get over there and back from work without much fuss. Back to Penny: She really is my kind of girl--svelte, exotic, sexy, fun, cute all at the same time.

## The Juicy Details

I got the appt and Penny was on-time as usual. She was dressed in some seriously sexy lingerie, which highlighted her stunning body. I showed up with some wine, and she was not going to let me drink alone. I headed for the shower, which I always feel kinda breaks the rhythm, but it's necessary. When I got back the wine was already poured and Penny was waiting for me to begin, which I thought was a nice touch. We talked a bit to break the ice and then started DFK on the edge of the bed, which got me really excited. She then laid me down and began a BBBJ, which took me to another world. It was a really sensual BJ, not one of those weird, loud gagging ones, which I hate. I could tell she could tell what I liked--more of a GFE thing. She then put the condom on and CG'd me for a while, which felt amazing. Then some DATY, which I love to do. She was responsive and did this sexy thing where she rested her feet on my shoulders while I kissed her. I LOVED that. She was clean and bare, and there was a faint smell of nice perfume. Then we got to mish for a while, and she seemed truly into it. Then came greek mish, which felt so good, and she was a natural at it. I totally lost track of time, but after a while I got a bit overheated and needed a break. It was kinda hot in there, and she was great about adjusting the temperature for me. She then finished me off with a HJ while I was on top keeping eye contact going the whole time. When we were done, I couldn't stop smiling. I also felt like I burned 500 calories. She was great about not rushing me out, and I got dressed and left feeling amazing--like I totally got what I paid for and moreso. Can't wait to see her again!
